Would you like to show your engine room to others with this TODA replacement Idler pulley?  
The Idler pulley is in response to thoughts that use the Ultra light weight pulley kit but wanted to be able to show its existence.

The weight saving found over the standard pulley helps to improve engine response.

**TODA FN2 Light Weight Idler Pulley can also be used for CL7(Accord Euro-R) & EP3(CIVIC TypeR).**

Can be installed with or without the Ultra light weight FN2 pulley kit.
