

## What's new !!

## MITSUBISHI(EVO10) Flywheel &amp; Clutch KIT (Metallic Disc &amp; Sports Disc)

WELL BALANCED

Super response!! Improved circuit lap times by shortening braking distance.

Lancer EVO10 4B11 (CZ4A) Ultra Light Weight Chrome-molly Flywheel Price 46,000 yen  
 Lancer EVO10 4B11 (CZ4A) Metallic Clutch KIT (flywheel+cover+disc) Price 124,200 yen  
 Lancer EVO10 4B11 (CZ4A) Sports Clutch KIT (flywheel+cover+disc) Price 115,600 yen

■TODA Original design Chrome Molly Flywheel with light weight & improved strength

note : The most important element of a flywheel is its inertia this is more important than the weight of the unit. Toda Racing designed flywheels are designed to improve weight, inertia and strength characteristics helping to improve the response of the vehicle whether accelerating or braking.

## TODA Light Weight Flywheel + Strengthened Clutch Cover + Clutch Disc with Well-Balanced

26000-4B1-10M	124,200 yen	Metallic Clutch KIT (Well Balanced)
