4AG 16V Inner Shim KIT / B spec (for 12.0mm lift)

4AG Inner-shim KIT B spec

Up-grade SET B spec for 4AG Conventional Inner Shim KIT

TODA Racing Inner Shim has received a good reputation, TODA RACING now add a B spec Inner-shim KIT to this line up. When above camshafts are used, we strongly recommend you to use the Bspec Inner-shim KIT. (Bspec Inner-shim KIT and Up-grade SET can be purchased separately and retro-fitted for those already running the original Inner-shim KIT.)

4AG 16V Inner-shim KIT/B spec 14730-4AG-B00 List Price 115,000yen

Up-grade SET for to be 4AG 16V Inner-shim KIT Bspec 14750-4AG-B0S (valve spring+ spring seat) List Price 52,000yen
